# ABOUT THE EXPO

## Our Story

*The Outdoor Expo was born from a simple realisation: New Zealanders are at their best when they're outside. After decades in business, our founder wanted to create more than just another event - a space where people could come together, share their love of the outdoors, and discover what's possible.*

*Since then, the expo has grown into New Zealand's largest celebration of outdoor life. Over the years, we've welcomed thousands of adventurers - from families taking their first tramp to seasoned explorers searching for the latest gear - all united by a passion for fresh air, open spaces, and unforgettable journeys.*

## Why We Do It

*It's about more than tents, boats, or 4WDs. It's about inspiring people to step outside routine, find new passions, and explore every corner of New Zealand.*

## Giving Back

*We're proud to support Canterbury West Coast Air Rescue and Coastguard Tautiaki Moana, giving back to those who support us.*

## Looking Ahead

*Our vision remains simple: to inspire, connect, and equip New Zealanders for the adventures ahead.*

*- Marc, Founder*
